MK501 / MK502

RECEIVER CONNECTION INSTRUCTIONS

1. Connect the receiver

Connect the three different coloured wires to the back of the power head, as shown in the diagram.

2. Ready to use

The remote has been pre-programmed for you. Simply connect and play.

3. Keep using your remotes

Your original remotes will still work.

BATTERY WARNING

Keep button batteries away from children. Swallowing a battery can cause severe or fatal injuries. Seek immediate medical help if swallowed or inserted into the body.
