(Press 'CODE' button more than 8 seconds until the LED displays 'C', all the stored codes will be deleted)

Instruction for ET door receiver

Step 1: Locate the Learn/CODE button on the control panel/receiver board of your garage door/gate opener

Step 2: Press and release the Learning button, the LED indicator will light and go out. Then press the desired button on the new remote ➔ Programming is completed, press to test. If no success, please repeat step

NOTE: for some models of ET openers, you may need to press the desire button twice in Step 2, i.e., press and release, pause for 1 sec then press again.
