

TRG109 replacement MK701T/702T instruction

TRG109 is discontinued and replaced by the conversion kit MK702. Remove the old receiver and use the new receiver box to replace the existing one.

Storing Transmitter Coding (Note: This unit has been pre-coded before send for quality testing)

1. Press LEARN button on Receiver once, the Signal LED will be off
2. Press one button of the transmitter (which ever one you want to control the door), Signal LED will be on
3. Press the same button of the remote again, LED will be flashing
When the LED stops flashing, the coding sequence is complete.

Delete coding

Press and hold LEARN button on the receiver for about 10 sec, all the coding are removed.
